

SAVONIA
UNIVERSITY OF APPLIED SCIENCES

Degree programme:

Master's Degree in Digital Health

WELCOME TO STUDY DIGITAL HEALTH AT SAVONIA UNIVERSITY OF APPLIED SCIENCES!

Congratulations on gaining a place to study at Savonia UAS! Your studies start on Friday 8th September 2017. The MOODLE learning environment will be open at 8:00 a.m. You will get your username, password and MOODLE instructions at the end of August.

The first days of your studies are important orientation moments in MOODLE. You will get to know the teaching staff, other students in your group, counselling and guidance personnel. You will receive a lot of information on practical matters related to your studies such as the online learning environment, timetables etc. It is vital that you start to think your personal study plan.

To learn more about studies at Savonia UAS, please read our information package to New Students 2017. You can find it on the website <http://portal.savonia.fi/amk/en/studies/studying-savonia-uas/guide-new-student>

For more information on your curriculum, please visit <http://portal.savonia.fi/amk/en/studies/curriculum?yks=KS&krtid=1084>

For your studies you'll need a laptop and an Internet connection as all courses include studying on electronic learning platforms. Read more about the software & hardware requirements in the website.

If you have any questions, please contact your own teachers Ms Pirkko Kouri (pirkko.kouri@savonia.fi) or Ms Riitta Turjamaa (riitta.turjamaa@savonia.fi).

We look forward to work with you.

Best regards,

Savonia UAS
