The Degree Programme in Design leads to the Bachelor of Culture and Arts; the qualification title is “muotoilija (AMK)” in Finnish. The extent of the degree studies is 240 ECTS credits (four years).

It takes four years to complete the degree studies. Competence provided by the degree meets the standards of higher education generally defined in the European Union, which creates prerequisites for the mobility of labour, experts and students.

**Professional specialisation options within the degree programme in Design:**

- Service Design Studio
- Interior Design Studio
- Product Design Studios: Fashion, Jewellery Design, Industrial Design
